## UNITED TECHNOLOGIES CORPORATION

### PROXY STATEMENT

**EACH SHAREOWNER'S VOTE IS VERY IMPORTANT. Whether or not shareowners plan to attend the Annual Meeting, all shareowners are requested to submit a proxy or voting instructions as soon as possible so that all shares can be voted at the meeting in accordance with the instructions of shareowners.**

The Board of Directors is soliciting proxies for the 2006 Annual Meeting of Shareowners of United Technologies Corporation ("UTC" or the "Corporation") to be held on April 12, 2006. This Proxy Statement is being made available to shareowners on or about March 9, 2006.

#### GENERAL INFORMATION REGARDING THE ANNUAL MEETING

##### How does the Board of Directors recommend shareowners vote on the matters to be considered at the meeting?

The Board recommends a vote:

- FOR** each of its nominees for election as directors,
- FOR** the appointment of PricewaterhouseCoopers LLP as Independent Auditors,
- FOR** approval of the Amendment to UTC's Restated Certificate of Incorporation, and
- AGAINST** each of the shareowner proposals described on pages 19 through 20.

**Who is entitled to vote?** Shareowners of record of UTC Common Stock ("Common Stock") at the close of business on February 14, 2006, the record date, and their duly authorized proxies are entitled to vote on each matter submitted to a vote at the Annual Meeting. Shareowners of record are persons who were either registered shareowners or beneficial shareowners on that date. A registered shareowner is a person or entity who held shares on that date registered in that shareowner's name on the records of Computershare Trust Company, N.A. ("Computershare"), UTC's stock transfer agent. Persons or entities who held shares on the record date through a broker, bank or other nominee (including any shares held through a UTC employee savings plan) are considered beneficial owners and generally are entitled to provide voting instructions to the registered holder of those shares. A list of registered shareowners entitled to vote will be available at UTC's offices, One Financial Plaza, Hartford, CT, for 10 days prior to the meeting and at the meeting location during the meeting.

**How can shareowners vote?** We send proxy cards and offer electronic voting to all registered shareowners to enable them to direct the voting of their shares. Those registered shareowners who previously have elected to receive electronic access to their proxy materials (rather than receiving mailed copies) and many active employees who participate in UTC employee savings plans will receive e-mail notification as to how to submit proxies or voting instructions. Brokers, banks and nominees typically offer telephonic or electronic means by which beneficial owners can submit voting instructions, in addition to the traditional mailed voting instruction cards. Shareowners who submit a proxy or voting instructions need not vote at the Annual Meeting. However, we will pass out written ballots to any registered shareowner, savings plan participant or holder of a legal proxy who wishes to vote in person at the Annual Meeting.

**Can shareowners vote by telephone or via the Internet?** Registered shareowners and participants in a UTC employee savings plan in the United States or Canada may submit proxies or voting instructions by telephone by dialing 1-877-PRX-VOTE or 1-877-779-8683 and following the voice prompts. Registered shareowners and UTC savings plan participants may also submit proxies or voting instructions via the Internet by accessing the following website: [www.eproxyvote.com/utx](http://www.eproxyvote.com/utx), and marking the appropriate boxes. When voting by telephone or via the Internet, a shareowner should have available for reference a copy of the proxy card mailed to the shareowner (or the email message they receive with instructions on how to vote). Please note that the facilities for telephone and Internet voting cannot accommodate cumulative voting for the election of directors, and therefore shareowners who wish to exercise cumulative voting rights can do so only by submitting a written proxy or voting instructions. Beneficial owners of shares held through a broker, bank or nominee may submit voting instructions by telephone or via the Internet if the firm holding the shares for their account offers either of these voting methods. Beneficial shareowners should refer to the instructions on how to vote provided by that firm.

## [Table of Contents](#)

**How are shares held by the UTC employee savings plans voted?** Participants in the UTC Employee Savings Plan may direct the voting of Common Stock by the savings plan trustee by returning a voting instruction card or by providing voting instructions by telephone or via the Internet. If a participant does not provide voting instructions or if the instructions are incomplete or unclear, the trustee will vote the uninstructed shares with the plurality of shares for which voting instructions have been received. The trustee will also vote unallocated Common Stock in the Savings Plan with the plurality of instructed shares.

**How will the proxy holders vote shares?** The proxy holders designated on the proxy card will vote according to the voting instructions given by shareowners on proxy cards, by telephone or via the Internet. If shareowners sign and return proxy cards but do not indicate voting instructions on one or more of the matters listed, the proxy holders will vote the uninstructed shares for the Board's nominees for election as a director, for the appointment of PricewaterhouseCoopers LLP, for approval of the Amendment to UTC's Restated Certificate of Incorporation and against each of the shareowner proposals.

**Who can attend the Annual Meeting and how can shareowners request tickets?** All shareowners of record on February 14, 2006 or their authorized proxies may attend. Since seating is limited, we ask that shareowners request tickets in advance to attend. Holders of shares registered in their name on the records of Computershare and UTC savings plan participants can request tickets by sending an e-mail request to the Corporate Secretary at [corpsec@corphq.utc.com](mailto:corpsec@corphq.utc.com) or by returning the Reservation Card provided with the mailed annual meeting materials. Persons who forget to bring a ticket will be admitted to the meeting only if they provide proof that they were a shareowner of record or UTC savings plan participant as of February 14, 2006 and proof of identification. Persons holding shares through a broker, bank or nominee may request a ticket by writing to the Corporate Secretary and including a copy of a brokerage account statement or a legal proxy from the broker, bank or nominee, in either case evidencing their ownership of shares as of the record date.

### **PROPOSAL 1: ELECTION OF DIRECTORS**

**General Information Concerning the Board of Directors.** The entire Board is elected annually by the shareowners. The Board, upon the recommendation of the Committee on Nominations and Governance, has nominated for election as directors at the Annual Meeting the twelve nominees listed below.

The Board has adopted independence standards for directors which conform to the independence requirements set forth in the listing standards of the New York Stock Exchange ("NYSE"). These independence standards are set forth in Appendix A.

The Board has affirmatively determined that each of the nominees for election at the Annual Meeting, other than Mr. David, is independent in accordance with these standards. Specifically, none of the nominees that qualify as independent has a business, financial, family or other type of relationship with UTC (other than as a director and shareowner of UTC), except for any relationships that are immaterial under the independence standards. In determining that each such director is independent, the Board considered that UTC and its subsidiaries in the ordinary course of business sell products and services to, or purchase products and services from, companies at which some of the nominees are or have been employed as officers or serve as directors. In each case, the amounts paid to, or received by, UTC annually from these companies was well below the 2% of total revenue threshold in the independence standards. The Board also considered charitable contributions to organizations with which some of the nominees have or have had relationships, but which do not conflict with UTC's independence standards since the relationships did not involve service by the director as an executive officer of the organization or the amounts contributed by UTC did not exceed the thresholds in UTC's independence standards. The Board determined that none of these relationships impaired the independence of the directors.

If any of the nominees becomes unavailable prior to the Annual Meeting to serve as a director, the Board may select a replacement nominee or reduce the number of directors to be elected. The proxy holders will vote the shares for which they serve as proxy for any replacement candidate nominated by the Board.

During 2005, the Committee held eight meetings. The Charter of the Audit Committee is included as Appendix B to this Proxy Statement.

**The Committee on Nominations and Governance** recommends criteria for service as a director, reviews candidates and recommends appropriate governance practices and compensation for directors. Directors Faraci, Garnier, Lee, McCormick (Chairman), Swygert, Wagner and Whitman are members of the Committee. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of UTC and its shareowners; a willingness to devote the extensive time necessary to fulfill a director's duties; the ability to contribute to the diversity of perspectives present in board deliberations; and an appreciation of the role of the corporation in society. The Committee considers candidates meeting these criteria who are suggested by directors, management and shareowners. From time to time, the Committee recommends highly qualified candidates who are considered to enhance the strength, independence and effectiveness of the Board. UTC from time to time engages one or more search firms to assist in the identification and evaluation of qualified candidates. The Committee will consider director candidates recommended by shareowners, who may submit recommendations by letter addressed to the Corporate Secretary. Each director attended 75% or more of the aggregate number of meetings of the Board and Committees on which he or she served. The non-management directors meet in regularly scheduled executive sessions and have selected Mr. Wagner to serve as Presiding Director at executive sessions. The Board's policy is that directors standing for reelection should attend the annual meeting of shareowners if their schedules permit. Based on filings with the SEC, UTC is aware that as of December 31, 2005 the following entity was a beneficial owner of more than five percent of the outstanding Common Stock of UTC:

Class of Security	Name and Address	Shares Beneficially Owned
Common Stock	Capital Research & Management Co. 333 South Hope Street Los Angeles, CA 90071	50,912,400

While State Street Bank and Trust Company, as trustee, holds all of the Common Stock beneficially owned by employees participating in UTC's Employee Stock Ownership Plan, State Street Bank and Trust Company disclaims beneficial ownership of those shares.

**Performance Graph**

The following graph presents the cumulative total shareowner return for the five years ending December 31, 2005 for UTC's Common Stock, as compared to the Standard & Poor's 500 Stock Index and to the Dow Jones 30 Industrial Average. UTC's Common Stock price is a component of both indices. These figures assume that all dividends paid over the five-year period were reinvested, and that the starting value of each index and the investment in Common Stock was \$100.00 on December 31, 2000.

## Report of the Committee on Compensation and Executive Development

### *Design and Objectives*

The Committee on Compensation and Executive Development (the “Committee”) is responsible for the design and administration of UTC’s executive compensation program. The program, through a combination of short and long term incentives, has these objectives:

- recruitment and retention of high caliber leadership,
- emphasis on performance based compensation,
- greater weighting on long term and at risk compensation for more senior executives, and
- alignment of shareowner and executive interests.

### *Program Elements and Performance Metrics*

Different elements of executive compensation serve one or more program objectives.

Base salaries are generally targeted at median (see *Benchmarking*) and are competitive with peers for recruitment and retention.

Annual bonuses recognize short term results and are paid in cash. Annual profit growth and cash flow performance are targeted by UTC. Bonus opportunities are generally targeted at median (see *Benchmarking*). Bonus award pools are determined for each UTC operating unit and for the Corporate Office against metrics established before the beginning of each year. Individual awards inside these pools are made based on an individual’s performance overall and against specific business and personal objectives.

Corporate Office targets in 2005 were growth in earnings per share and cash flow from operations less capital expenditures as a percentage of net income. Business unit targets were growth in operating income and cash flow from operations less capital expenditures as a percentage of net income.

Long term incentive awards granted in January 2005 consisted of stock options and dividend equivalents under the Continuous Improvement Incentive Program (“CIIP”). Stock options have a term of ten years, were priced at market on the date of grant, and will vest after three years or at retirement under some circumstances. Dividend equivalents vest against three year financial performance targets.

Dividend equivalents under the 2005 CIIP were granted one-for-one with stock options and will vest against a three year cumulative earnings per share target. The vesting range for dividend equivalents is between 0 and 200%, increasing ratably as measured performance exceeds 70% up to a maximum of 130% of target. Dividend equivalents, if earned, are paid for up to the balance of the term of the options or until the associated options are exercised. A vested dividend equivalent is the right to receive a payment equal to UTC’s common stock dividend when paid.

At the 2005 Annual Meeting, shareowners approved a new Long Term Incentive Plan (“LTIP”), now in effect and replacing the CIIP. Under the new LTIP, awards to senior executives will consist half of time vested stock appreciation rights and half of restricted stock units vesting against three year performance targets established in advance (Performance Share Units, or “PSUs”), with the latter replacing dividend equivalents. Vesting schedules for PSUs will be the same as for dividend equivalents under the CIIP. 2006 PSU performance targets are growth in earnings per share and total shareowner return rank within the S&P 500.

The Committee has established share ownership guidelines for executives and directors. These are five times base salary for the CEO, three times base salary for other senior executives, and three times the annual retainer for directors.

The Committee determines all elements of compensation for UTC’s most senior executives. Performance based compensation from bonuses and long term incentive awards are not subject to the \$1 million deduction limit imposed by Section 162(m) of the Internal Revenue Code.

### *Benchmarking*

Compensation data from a group of 25 peer companies (the "Compensation Peer Group") as well as information from outside consultants is used to determine compensation benchmarks. Compensation Peer Group companies have revenues, market capitalizations and other characteristics that place UTC and them in the same market for executive talent. Base salaries and annual bonus opportunities for UTC executives are generally targeted at approximately the median of the Compensation Peer Group. The potential value of long term incentive awards is targeted at the median for the program overall and within the quartile above the median for senior executives. Actual values will vary with individual and corporate performance.

### *Achievements, Performance and Return to Shareowners*

UTC continued its sustained strong financial performance in 2005:

- diluted earnings per share (before adoption of the FIN 47 accounting change) increased 18% from \$2.64 to \$3.12;
- UTC's 5 year average annual earnings per share growth rate of 13% (before adoption of the FIN 47 accounting change) ranks 1<sup>st</sup> among an established group of 12 industrial peer companies used routinely for financial performance comparisons;
- cash flow from operations increased 21% to \$4.3 billion and net of capital expenditures again exceeded net income;
- revenues increased 14% to \$42.7 billion, with half of the growth organic and half acquisitions;
- 2005 acquisitions totaling \$4.6 billion in consideration, including debt assumed, included Kidde and Lenel in the Fire & Security segment and Rocketdyne in the Pratt & Whitney segment; and
- UTC's total shareowner return ("TSR") for 2005 was 10%, compared with 2% for the Dow Industrials and 5% for the S&P 500; UTC's ten year compound TSR through 2005 was 449%, compared with 155% for the Dow and 138% for the S&P 500.

In our view, the following factors are particularly relevant to this success: process disciplines driving productivity and cost reductions, technology innovations, balance across the businesses, and compliance and corporate responsibility.

Process disciplines are well established in the Achieving Competitive Excellence framework. They led to productivity gains that triggered segment operating margin expansion from 4% to 13% since the early 1990s. For example, Otis and Carrier's HVAC business have increased new equipment unit shipments by more than three times with workforces 23% and 9% larger, respectively.

Product innovations help achieve industry leading positions. Pratt & Whitney Canada's new engine family for light and very light jets has secured all three major airplane launches. Otis' Gen2<sup>®</sup> flat belt technology has led to steady market share gains worldwide over the last five years. Carrier has led its industry in adopting the new SEER 13 federal energy standard and, we believe, increased its traditional cost leadership in North America. Hamilton Sundstrand has secured the lead position in aircraft systems for the new Boeing 787 airplane, winning eight of nine systems competed. The UTC result has been organic growth of 8% in 2004 and 7% in 2005, in excess of market growth across the Corporation's businesses combined.

UTC has steadily broadened and balanced its business base, with its commercial companies accounting for 64% of revenues today, up from 41% in 1990. International revenues are 61% of revenues today, up from 50% in 1990. The new Fire & Security segment was started with the acquisition of Chubb in 2003. With other acquisitions, notably Kidde in 2005, this segment's 2005 revenues were \$4.3 billion and promises future growth in revenues and profitability.

Compliance and corporate responsibility are fundamental goals and obligations of management. UTC's record of environmental compliance is exemplary, as are gains in employee health and safety performance. We are re-launching UTC's Code of Ethics and compliance program worldwide in 2006 in response to the first significant compliance lapse in the Company since 1990. The Corporation's Employee Scholar Program continues to lead all others and has now accounted for more than 18,000 college and university degrees for its employees.

### *CEO Compensation*

Compensation actions affecting the CEO are based on the Corporation's financial performance, short and long term, and on assessments of his and UTC's performance overall, as detailed above. Compensation Peer Group data is also considered. In recognition of Mr. David's long tenure as CEO and UTC's exceptional performance during this period, we adjusted his salary and bonus benchmarks to the 75<sup>th</sup> percentile of the Compensation Peer Group. Consistent with this change, Mr. David's base salary, unchanged since 1998, was increased from \$1.2 to \$1.7 million. Mr. David's bonus for 2005 was \$3.8 million and reflected UTC's 18% increase in earnings per share (before adoption of the FIN 47 accounting change) and cash flow net of capital expenditures again in excess of net income. Mr. David was granted 570,000 stock options (split adjusted) with associated dividend equivalents under the 2005 CIIP.

Under Mr. David's leadership, UTC's total shareholder returns have substantially exceeded market indices over essentially all time periods. In its recent survey of America's best CEOs, Institutional Investor magazine ranked him 1st in the Aerospace & Defense Electronics sector. In recognition of these accomplishments and the role he plays in the Board's CEO succession planning process, Mr. David received an additional grant of 1,000,000 stock options (split adjusted) in 2005.

### *Conclusion*

The Corporation's executive compensation program aligns the interests of management and shareholders, attracts and retains capable management, and rewards executive performance accordingly. We believe UTC's total shareholder returns relative to peers and indices, as well as current organic growth rates and profitability measures, confirm that UTC is outperforming its financial peers and industry competitors and that the program is meeting its objectives.

- (1) Under certain circumstances, including a change of control of UTC, the Board of Directors, under the terms of the Long Term Incentive Plan, may accelerate the vesting of option grants, purchase an outstanding grant for the cash value thereof, or provide for other adjustments or modifications to the outstanding grants. All stock options were granted with an exercise price equal to the market price of the Common Stock on the date of grant.
- (2) These stock options were granted on January 3, 2005, and will vest and become exercisable on January 3, 2008. These stock options include an equal number of Dividend Equivalents (“DEs”), which upon vesting will entitle the holder of the options to receive, whenever a dividend is paid on the Common Stock, a cash payment equal to the number of shares issuable on exercise of the option multiplied by the per-share amount of the dividend. The DEs will vest only if specified performance goals established at the time of the grant of DEs, measured over a three-year performance period, are satisfied. The vesting range for DEs is between 0 and 200%, increasing ratably as measured performance exceeds 70% up to a maximum of 130% of target.
- (3) Estimated values are based on the binomial pricing model and a number of variables. The following assumptions were used in determining the estimated value of option grants dated January 3, 2005: weighted-average risk-free interest rate of 3.97%, weighted-average stock price volatility of 21.86%, dividend yield of 1.44%, and option holding period of 7.53 years. The estimated values are not intended as a forecast of future appreciation in the price of the Common Stock. If the Common Stock does not increase in value above the exercise price of the stock options, then these options will have no value. There is no assurance that the value realized by an executive will be at or near the values estimated.
- (4) These stock options were granted on February 7, 2005, and will vest and become exercisable on February 7, 2008. There are no DEs associated with these stock options.
- (5) Estimated value is based on the binomial pricing model and a number of variables. The following assumptions were used in determining the estimated value of this option grant dated February 7, 2005: weighted-average risk-free interest rate of 3.88%, weighted-average stock price volatility of 23.10%, dividend yield of 1.77%, and option holding period of 7.39 years. The estimated value is not intended as a forecast of future appreciation in the price of the Common Stock. If the Common Stock does not increase in value above the exercise price of the stock options, then these options will have no value. There is no assurance that the value realized by an executive will be at or near the value estimated.

- (1) The value reported is based either on the closing price of the Common Stock on the NYSE on the date of exercise or on December 31, 2005, as applicable, and is calculated by subtracting the exercise price per share from the closing price of Common Stock on the date of exercise or on December 31, 2005, as applicable.
- (2) 3,752,500; 479,250; 417,166; 179,208 and 499,500 exercisable options have vested DEs as a result of cumulative performance target achievements in prior years for Messrs. David, Chênevert, Bousbib, Darnis and Bucknall, respectively.

### Termination of Employment and Change-in-Control Arrangements

In 1981, the Board of Directors adopted the Senior Executive Severance Plan (the "Severance Plan"). The Committee on Compensation and Executive Development and the CEO have the authority to select the participants under the Severance Plan. As of December 31, 2005, 28 key executives, including each of the Named Executive Officers, were covered under the Severance Plan. For executives covered as of December 10, 2003, the Severance Plan provides that in the event the participant's employment with UTC terminates for any reason (other than death, disability or retirement at or after the normal retirement date) within two years after any change of control of UTC (as defined in the Severance Plan) the participant will receive: (i) a cash payment equal to three times the participant's highest annual compensation (including base salary and incentive compensation) during the preceding three years; (ii) accelerated vesting of all awards outstanding under the Long Term Incentive Plan; (iii) special supplemental retirement benefits determined as if the participant had three years additional credited service under UTC's pension plans as of the date of termination; and (iv) continuation of other fringe benefits or equivalent benefits for a period of three years. The Severance Plan provides for a supplemental cash payment to the extent necessary to preserve the level of benefits in the event of the imposition of excise taxes payable by a participant in respect of "excess parachute payments" under the Internal Revenue Code. In 2003, the Severance Plan was amended to impose a limitation on benefits. As amended, for executives who become covered under the Severance Plan after December 10, 2003, the value of certain benefits under the Severance Plan may not exceed 2.99 times base salary plus bonus. Specifically, the value of lump sum severance payments, periodic cash payments, consulting fees, post-termination employee benefit plan and fringe benefit continuation and additional pension service credit are subject to this limit. The value of accelerated vesting under the Long Term Incentive Plan and payments made to offset excise taxes are not subject to the 2.99 times limit. Each of the Named Executive Officers was a participant in the Severance Plan on December 10, 2003, and accordingly is not affected by these limits.

In addition to the Severance Plan, 28 key executives, including the Named Executive Officers, were eligible as of December 31, 2005 to receive separation benefits at the time of their termination from employment with UTC, subject to certain limited exceptions. The value of such separation benefits under this program is up to 2.5 times base salary at the date of separation. Benefits are subject to offset against any amounts paid pursuant to the Severance Plan. These executives also have a post-retirement life insurance benefit equal to two times age 62 base salary provided through a permanent life insurance policy funded by UTC, except for Mr. David who participates in a prior life insurance program that was terminated for new participants in 1989. Under the prior program, instead of a paid-up life insurance policy following retirement, Mr. David will receive fifteen annual payments estimated at \$700,000, the amount required, on an after-tax basis, to fund a post-retirement life insurance benefit equal to seven times base salary.

## [Table of Contents](#)

The preceding table sets forth estimated annual benefits payable upon retirement at age 65 under UTC's defined benefit pension plans. Compensation covered by the pension plans consists of total cash remuneration in the form of salaries, including awards paid under the Annual Executive Incentive Compensation Plan (shown in the Bonus column of the Summary Compensation Table), but excluding awards paid under the Long Term Incentive Plan (shown in the Long Term Compensation columns of the Summary Compensation Table). Benefits are computed as a single life annuity payable at age 65. The benefit amount equals a percentage of final average earnings during the highest five consecutive years out of the last ten years worked, less a portion of the participant's social security benefit. As a result of Internal Revenue Code limitations, a substantial portion of senior executives' pension benefits are excluded from UTC's tax qualified retirement plan and trust and instead are provided through a supplemental plan that restores the excluded portion of the benefits. Pension benefits paid from the supplemental plan are paid in the same form of annuity applicable under the qualified plan or, subject to certain conditions, in a lump sum or annual installments. Benefits under the supplemental plan are generally not funded in advance except in the event of a change of control as defined by the plan.

As of December 31, 2005, the Named Executive Officers had the following full years of credited service for determining benefits: G. David, 30 years; A. Bousbib, 8 years; G. Darnis, 22 years; L. Chênevert, 12 years; and W. Bucknall, 39 years.

**Compensation of Directors.** Nonemployee directors are paid an annual retainer of \$100,000 (\$110,000 for committee chairs, \$125,000 for Audit Committee members, \$135,000 for the Audit Committee Chair and the director designated to preside at executive sessions of the non-management directors), which they may elect to receive in one of the following forms: (a) 60% in deferred stock units issued under the Directors Deferred Stock Unit Plan and 40% in cash; (b) 100% in deferred stock units; (c) 60% in non-qualified options to purchase Common Stock and 40% in cash; or (d) 100% in non-qualified options to purchase Common Stock. Each deferred stock unit has a value equal to one share of Common Stock. Following termination of a director's service, the value of the accumulated deferred stock units is paid in cash as a lump sum or in installments, at the election of the director. Each deferred stock unit balance is credited with additional deferred stock units equivalent in value to the dividend paid on the corresponding number of shares of Common Stock. Nonemployee directors also receive a fee of \$5,000 for each special meeting they are required to attend in addition to the regularly scheduled board and committee meetings.

Each nonemployee director receives annually, on the date of the annual meeting, a grant of stock options valued at \$100,000. Nonemployee director stock options are issued under the Nonemployee Director Stock Option Plan. Options issued are valued at issuance using the Black-Scholes option valuation model. All director options have an exercise price equal to the closing price of Common Stock on the date of issuance, become exercisable after three years, and have a ten-year term. For 2005, each nonemployee director received options to purchase 6,000 shares at an exercise price of \$50.525 per share.

Under the Directors' Restricted Stock Unit Program, each nonemployee director receives on the date of election to the Board a one-time grant of restricted stock units valued at \$100,000, based on the closing price of Common Stock on the date of grant. Dividend equivalents are credited on the units. The units awarded vest ratably over five years, but may not be sold or otherwise transferred until the director retires or resigns from the Board. If a director leaves the Board before all of the units vest, the non-vested units will be forfeited, except that, in the event of death or disability, a change in control of UTC, or if a director retires or resigns to accept full-time employment in public or charitable service, all units not previously vested will vest immediately. At retirement, the director will receive the value of the units in cash.

UTC maintains a charitable gift program for directors elected prior to 2004, funded by life insurance on the lives of the participating directors. Under this program, UTC will make charitable contributions totaling up to \$1 million following the death of a director, allocated among up to four charities recommended by the director. Beneficiaries must be tax-exempt under Section 501(c)(3) of the Internal Revenue Code. Donations are expected to be deductible by UTC from taxable income for federal and other income tax purposes. Directors derive no financial benefit from the program since all insurance proceeds and tax deductions accrue solely to UTC.

## Report of the Audit Committee

The Audit Committee reviews and makes recommendations to the Board of Directors concerning the reliability and integrity of UTC's financial statements and the adequacy of its system of internal controls and processes to assure compliance with UTC's policies and procedures, Code of Ethics and applicable laws and regulations. The Committee annually nominates UTC's Independent Auditors for appointment by the shareowners, and evaluates the independence, qualifications and performance of UTC's internal and independent auditors. The Committee establishes procedures for and oversees receipt, retention, and treatment of complaints received by UTC regarding accounting, internal control or auditing matters; and the confidential, anonymous submission by UTC employees of concerns regarding questionable accounting or auditing matters.

The Committee has reviewed and discussed with management and UTC's Independent Auditors UTC's audited financial statements as of and for the year ended December 31, 2005, as well as the representations of management and the Independent Auditors' opinion thereon regarding UTC's internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act. The Committee discussed with UTC's internal and Independent Auditors the overall scope and plans for their respective audits. The Committee met with the internal and Independent Auditors, with and without management present, to discuss the results of their examinations, the evaluation of UTC's internal controls, management's representations regarding internal control over financial reporting, and the overall quality of UTC's financial reporting. The Committee has discussed with UTC's Independent Auditors the matters required by Statement on Auditing Standards, No. 61, *Communication with Audit Committees*, as amended, and also, the auditors' independence from UTC and its management, including the written disclosures and letter from UTC's Independent Auditors required by Independence Standards Board, Standard No. 1, *Independence Discussions with Audit Committees*, as amended.

UTC's Independent Auditors provided to the Committee a copy of their opinion dated February 9, 2006, which expressed an unqualified opinion that UTC's 2005 consolidated financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Based on the reviews and discussions referred to above, the Committee has recommended to the Board of Directors that the audited financial statements referred to above be included in UTC's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC. The Committee has recommended to the Board of Directors that PricewaterhouseCoopers LLP be nominated for appointment by the shareowners as UTC's Independent Auditors for 2006.

**PROPOSAL 2: APPOINTMENT OF A FIRM OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS TO SERVE AS INDEPENDENT AUDITORS**

PricewaterhouseCoopers LLP served as UTC's independent registered accounting firm in 2005. The Audit Committee, in its capacity as a committee of the Board, has nominated PricewaterhouseCoopers LLP to serve as Independent Auditors for UTC until the next Annual Meeting in 2007. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have an opportunity to make any statements they desire, and will also be available to respond to appropriate questions from shareowners. UTC retained PricewaterhouseCoopers LLP to provide services for 2005 and 2004 in the following categories and amounts:

(In thousands)	2005	2004
Audit Fees	\$25,789	\$31,887
Audit Related Fees	\$2,431	\$1,611
Tax Fees	\$9,343	\$9,225
All Other Fees	\$107	\$42
<b>Total</b>	<b>\$37,670</b>	<b>\$42,765</b>

Audit Fees represent fees for the audit of UTC's consolidated annual financial statements, including an audit of internal control over financial reporting, the review of interim financial statements in UTC's financial statements filed on Form 10-Q and the performance of audits in accordance with statutory requirements.

Audit Related Fees represent fees for due diligence assistance related to mergers and acquisitions, employee benefit plan audits, assistance regarding the application of generally accepted accounting principles to proposed transactions and special reports pursuant to agreed upon procedures. In 2004, services were also provided in connection with compliance with new rules concerning internal control over financial reporting.

Tax Fees in 2005 represent fees of approximately \$4,389,000 for U.S. and non-U.S. tax compliance and related planning and assistance with tax refund claims, as well as approximately \$4,954,000 for tax consulting and advisory services. Of the amount reported in 2004, approximately \$5,250,000 constitutes fees for U.S. and non-U.S. tax compliance and related planning and assistance with refund claims, and approximately \$3,975,000 constitutes fees for tax consulting and advisory services.

All Other Fees represent fees for accounting research software and other services.

The Audit Committee has adopted procedures requiring Committee review and approval in advance of all particular engagements for services provided by UTC's Independent Auditors. Consistent with applicable laws, the procedures permit limited amounts of services, other than audit, review or attest services, to be approved by one or more members of the Committee pursuant to authority delegated by the Committee, provided the Committee is informed of each particular service. All of the engagements and fees for 2005 were approved by the Committee. The Committee reviews with PricewaterhouseCoopers LLP whether the non-audit services to be provided are compatible with maintaining the auditors' independence. The Board previously determined that starting in 2003 fees paid to the Independent Auditors for non-audit services in any year will not exceed the fees paid for audit services during the year. Permissible non-audit services will be limited to fees for tax services, accounting assistance or audits in connection with acquisitions, and other services specifically related to accounting or audit matters such as audits of employee benefit plans.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREOWNERS VOTE FOR APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.**

**PROPOSAL 3. APPROVAL OF AMENDMENT TO UTC'S RESTATED CERTIFICATE OF INCORPORATION**

The Board of Directors believes it is advisable to amend UTC's Restated Certificate of Incorporation to increase the authorized shares of Common Stock from 2,000,000,000 to 4,000,000,000 shares. Accordingly, at its meeting held February 6, 2006, the Board adopted a resolution proposing that an amendment to the first paragraph of Article Fourth of the Restated Certificate of Incorporation be presented to the shareowners at the Annual Meeting for approval. The amendment would not change the number of authorized shares of Preferred Stock.

If approved by the shareowners, the first paragraph of Article Fourth would read in its entirety as follows:

"FOURTH: The total number of shares of stock of all classes which the Corporation shall have authority to issue is 4,250,000,000 shares, of which 250,000,000 shares shall be Preferred Stock of the par value of \$1 each (hereinafter called 'Preferred Stock') and 4,000,000,000 shares shall be Common Stock of the par value of \$1 each (hereinafter called 'Common Stock')."

On June 10, 2005, UTC effected a two-for-one stock split in the form of a stock dividend, resulting in the issuance of 667,410,945 additional shares of Common Stock. The proposed increase in the number of authorized shares of Common Stock in part would replace, as shares available for future issuance, the shares of Common Stock issued in connection with the stock split, and also provide the Board the necessary flexibility to issue Common Stock in the future in connection with the raising of capital, the acquisition of new businesses, employee stock benefit plans, future stock splits or dividends, and other corporate purposes as deemed necessary or appropriate by the Board of Directors.

Of the 2,000,000,000 shares of Common Stock presently authorized, as of February 14, 2006, 1,015,002,866 shares of Common Stock were outstanding, 326,674,972 shares were held by UTC as treasury shares and approximately 125,000,000 shares were reserved for issuance under equity compensation plans. The additional shares proposed to be authorized would be part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently outstanding.

Adoption of the amendment will eliminate the delay and expense involved in calling a special meeting of shareowners to authorize the additional shares at the time such issuance may become necessary. If the amendment is approved, no further action or authorization by UTC's shareowners would be necessary prior to issuance of the additional shares, except as may be required for a particular transaction by UTC's Restated Certificate of Incorporation, by applicable law or by the rules of any stock exchange on which UTC's Common Stock is then listed. For example, under the current rules of the New York Stock Exchange, shareowner approval would still be required prior to the adoption of a new equity compensation plan or a material revision to an existing plan. Shareowner approval also is a prerequisite to listing additional shares to be issued in an acquisition and certain other types of transactions, where the shares issuable exceeds 20% of the number of shares outstanding.

Except for the issuance of shares of Common Stock pursuant to equity compensation plans, other stock related benefit plans, and UTC's Dividend Reinvestment and Stock Purchase Plan, UTC currently has no plans or arrangements for the issuance of shares of Common Stock for any purpose, including but not limited to rendering more difficult or discouraging a change in control of UTC. UTC Shareowners do not have any preemptive rights with respect to issuance of any additional shares of UTC's Common Stock.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO UTC'S RESTATED CERTIFICATE OF INCORPORATION.**

**PROPOSALS 4 AND 5: SHAREOWNER PROPOSALS**

Share holdings of the various shareowner proponents and, where applicable, names and addresses of additional filers, will be supplied upon request.

**Proposal 4: Shareowner Proposal Concerning Director Term Limits**

Mrs. Evelyn Y. Davis, Watergate Office Building, Suite 215, 2600 Virginia Avenue, NW, Washington, D.C. 20037, has advised that she intends to introduce the following proposal at the Annual Meeting:

RESOLVED: “That the stockholders of United Technologies recommend that the Board take the necessary steps so that future outside directors shall not serve for more than six years.”

REASONS: “The President of the U.S.A. has a term limit, so do Governors of many states.”

“Newer directors may bring in fresh outlooks and different approaches with benefits to all shareholders.”

“No director should be able to feel that his or her directorship is until retirement.”

“If you AGREE, please mark your proxy FOR this resolution.”

**The Board of Directors’ Statement in Opposition**

The Board of Directors believes that requiring all outside directors to leave the Board after six years of service would not be in the best interests of the Board, UTC or its shareowners. Such a policy would deprive UTC of directors who have gained valuable knowledge and insight concerning UTC’s operations, and whose tenure has given them an important perspective on the development and implementation of UTC’s long-term strategies. Rather than adopting fixed term limits, the Board believes it is more beneficial to periodically review the Board’s effectiveness. The Committee on Nominations and Governance, which is comprised exclusively of independent directors, conducts such a review annually. It then reports to the Board annually on its assessment of the Board’s performance, including whether directors are actively engaged and fairly reflect a diversity of views.

**THE BOARD OF DIRECTORS THEREFORE RECOMMENDS THAT SHAREOWNERS VOTE AGAINST THIS PROPOSAL.**

**Proposal 5: Shareowner Proposal Concerning Foreign Military Sales**

The Sisters of Charity of Saint Elizabeth, P.O. Box 476, Convent Station, NJ 07961 and other filers have advised that they intend to introduce the following proposal at the Annual Meeting:

WHEREAS the United States exports weapons and related military services through foreign military sales (government-to-government), direct commercial weapons sales (U.S. companies to foreign buyers), equipment leases, transfers of excess defense materiel and emergency drawdowns of weaponry.

In 2004, the U.S. ranked first in arms transfer agreements with developing nations, including those in the Near East and Asia, with nearly \$6.9 billion or 31.6% of these agreements. The U.S. also ranked first in arms deliveries to developing nations at nearly \$9.6 billion or 42.6% of all such deliveries, boosting worldwide sales to those countries to the highest amount since 2000. The weapons sold range from ammunition to tanks, combat aircraft, missiles and submarines, (“Conventional Arms Transfers to Developing Nations, 1997-2004,” Congressional Research Service, Report for Congress, August 29, 2005).

In a number of recent United States combat engagements (e.g., the first Gulf War, Somalia, Afghanistan and Iraq), our troops faced adversaries who had previously received U.S. weapons or military technology.

In Fiscal Year 2004, United Technologies was ranked as 7th largest Department of Defense contractor with \$5.1 billion in contracts. (100 Companies Receiving the Largest Dollar Volume of Prime Contract Awards—Fiscal Year 2004, <http://web1.whs.osd.mil/peidhome/procstat/p01/fy2004/top100.htm>)

## [Table of Contents](#)

RESOLVED: Shareholders request that, within six months of the annual meeting, the Board of Directors provide a comprehensive report, at reasonable cost and omitting proprietary and classified information, of United Technologies' foreign sales of weapons-related products and services.

### **Supporting Statement**

We believe with the American Red Cross that "the greater the availability of arms, the greater the violations of human rights and international humanitarian law." Global security is security of all people. Several times in our recent history, we've seen weapons sold to one country result in a threat to our own security. We are seeing, too, an increase in human rights abuses inflicted on women, people of minority ethnicities, NGOs offering medical and other human services as well as employees of corporations servicing DOD contracts.

Therefore, we believe it is reasonable that the report include:

1. Processes used to determine and promote foreign sales;
2. Criteria for choosing countries with which to do business;
3. Procedures used to negotiate foreign arms sales, government-to-government and direct commercial sales and the percentage of sales for each category;
4. Categories of military equipment or components, including dual use items exported for the past three years, with as much statistical information as permissible; contracts for servicing/maintaining equipment; offset agreements; and licensing and/or co-production with foreign governments.

### **The Board of Directors' Statement in Opposition**

The Board of Directors does not believe that further disclosure concerning foreign military sales would be informative or beneficial. UTC's Annual Report to shareowners and its periodic Reports on Forms 10-K and 10-Q provide extensive information concerning foreign sales of military products and services.

Further, the Board of Directors believes that the executive and legislative branches of the U.S. Government are the appropriate forums to determine public policy with respect to foreign military sales. Defense products and technologies cannot be sold to parties outside the United States or further transferred to other parties outside the United States without the approval of the U.S. Government. These foreign sales are highly regulated by the U.S. Government and UTC complies fully with all applicable policies and regulations.

**THE BOARD OF DIRECTORS THEREFORE RECOMMENDS THAT SHAREOWNERS VOTE AGAINST THIS PROPOSAL.**

### **ADDITIONAL MEETING INFORMATION**

**How many shares can vote?** As of the record date, 1,015,002,866 shares of Common Stock were outstanding. Each share of Common Stock outstanding on the record date is entitled to one vote. A quorum requires the presence at the Annual Meeting, in person or by proxy, of the holders of shares representing a majority of the outstanding shares entitled to vote.

**How many votes are needed for the election of directors at the meeting?** Under Section 2.2 of UTC's Bylaws as amended on February 6, 2006, each director is elected by a majority of votes cast with respect to that director, provided that if the number of nominees exceeds the number of directors to be elected, the nominees receiving the greatest number of votes shall be the directors. Since Delaware law currently provides that incumbent directors continue in office until their successors have been elected and qualified (or until their earlier removal or resignation), UTC has adopted a Corporate Governance Guideline requiring that any nominee who receives in an uncontested election fewer votes "for" than are "withheld" from his or her election must promptly tender his or her resignation for consideration by the Chairman of the Committee on Nominations and Governance. The Committee on Nominations and Governance shall then consider the matter and, taking into consideration all factors it deems relevant, shall recommend to the Board whether the resignation should be accepted and, if the Board accepts the resignation, whether the vacancy so created should be filled or the size of the Board should be reduced. The Board

## [Table of Contents](#)

will act on the Committee's recommendation within 90 days of certification of the majority withhold vote and disclose its decision in an 8-K Report filed with the SEC. The Governance Guidelines are available on UTC's website.

**How many votes are needed for the adoption of other matters at the meeting?** The amendment to the Restated Certificate of Incorporation will be approved if it receives the affirmative vote of the holders of a majority of the outstanding shares of voting stock of UTC. Other matters will be approved if they receive the affirmative vote of a majority of the votes constituting the quorum. If a shareowner abstains from voting on any of these other matters, or if a broker is not allowed to vote shares under the rules of the NYSE because the beneficial owner has not given voting instructions, the effect will be the same as a vote against the matter.

**Is cumulative voting for directors permitted?** Yes. When voting for the election of directors, each owner of Common Stock is entitled to a number of votes equal to the number of shares of Common Stock owned multiplied by the number of directors to be elected. This number of votes may be cast for a single nominee or distributed as votes for any two or more nominees, in the discretion of the shareowner. Cumulative voting rights can be exercised only by submission of a written proxy or voting instruction. If no instruction is given the votes cast will be distributed by the proxy holders equally among the Board's nominees.

**Who will count the vote? Will votes be confidential?** Representatives of Computershare will receive and tabulate proxies, act as independent Inspectors of Election, supervise the voting and decide the validity of proxies. Computershare has been instructed that the vote of each shareowner must be kept confidential and must not be disclosed (except in the event of legal proceedings or, in the event of a contested proxy solicitation, to permit the solicitation of the votes of undecided shareowners).

**Can a proxy be revoked?** Yes. A shareowner may revoke any proxy before it is voted by sending written notice to the Corporate Secretary identifying the proxy being revoked; by following the prompts provided through the telephone and Internet voting facilities for revoking a proxy previously submitted by telephone or via the Internet; by submitting a new proxy with a later date; or by voting in person at the meeting.

**How will voting on any other business be conducted?** Although we do not know of business to be conducted at the meeting other than the matters described in this Proxy Statement, duly signed proxy cards and voting instructions submitted by telephone or via the Internet authorize the proxy holders to vote in accordance with their judgment on any other matters that may arise.

**When are shareowner proposals for the 2007 Annual Meeting due?** A shareowner who wishes to have a proposal included in UTC's proxy statement for the 2007 Annual Meeting must submit the proposal in writing to the Corporate Secretary for receipt by November 9, 2006, in order to be considered for inclusion. Under UTC's Bylaws, shareowners who wish to introduce a proposal to be voted on at UTC's 2007 Annual Meeting must send advance written notice to the Corporate Secretary for receipt no earlier than December 13, 2006 and no later than January 12, 2007.

**How are proxies solicited and how much did this solicitation cost?** In addition to the distribution of this Proxy Statement, proxies may be solicited on behalf of the Board of Directors by employees of UTC by mail, e-mail, in person and by telephone. These employees will not receive any additional compensation for these activities. UTC will bear the cost of soliciting proxies and reimburse brokers and other nominees for reasonable out-of-pocket expenses for forwarding proxy materials to beneficial shareowners. Georgeson Shareholder Communications, Inc. has been retained by UTC to assist in the distribution of proxy materials and the solicitation of proxies for a fee estimated at \$16,000, plus out-of-pocket expenses.

**How can shareowners obtain electronic access to the proxy materials, instead of receiving mailed copies?** Holders of shares registered in their name on the records of Computershare may contact Computershare at [www.econsent.com/utx](http://www.econsent.com/utx) to sign up to receive electronic access to the materials rather than receiving mailed copies. These shareowners will receive e-mail notification when the Annual Report and Proxy Statement are available, with electronic links to access the documents (in PDF and HTML formats) on a UTC website and instructions on how to vote shares via the Internet. Enrollment for electronic access will be effective for a future annual meeting if received two weeks prior to the record date for that meeting, and remain in effect for subsequent years, unless cancelled two

## [Table of Contents](#)

weeks prior to the record date for any subsequent annual meeting. Beneficial shareowners also may be able to request electronic access to proxy materials by contacting the broker, bank or nominee, or by contacting ADP Investor Communication Services at [www.utc.com/investors/econsent/ics.htm](http://www.utc.com/investors/econsent/ics.htm).

**How can shareowners reduce the number of copies of proxy materials sent to a household?** Eligible beneficial shareowners who share a single address may have received a notification that only one copy of the Annual Report and Proxy Statement will be sent to that address unless the broker, bank or nominee that provided the notification received contrary instructions from any beneficial shareowner at that address. This practice, known as “householding”, is designed to reduce printing and mailing costs. However, if a beneficial shareowner at such an address wishes to receive a separate Annual Report or Proxy Statement this year or in the future, the shareowner may contact the Corporate Secretary at 860-728-7870 or at UTC, One Financial Plaza, Hartford CT 06103. Eligible registered shareowners receiving multiple copies of these documents can request householding by contacting UTC in the same manner. Persons holding shares through a bank, broker or nominee can request householding by contacting that entity.

## **OTHER MATTERS**

### **Corporate Governance Information and Code of Ethics**

UTC’s Corporate Governance Guidelines, the charter for each Board Committee and UTC’s Code of Ethics are available on UTC’s website: [www.utc.com](http://www.utc.com). The Code of Ethics applies to all directors and employees, including the principal executive, financial and accounting officers. Shareowners may send communications to the Board, the Chairman, the Presiding Director or one or more non-management directors by using the contact information provided on UTC’s website under the headings “Governance”, “Contact UTC’s Board”. Shareowners also may send communications by letter addressed to the Corporate Secretary at UTC, One Financial Plaza, Hartford, CT 06103 or by contacting the Business Practices Office at 860-728-6485. These communications will be received and reviewed by UTC’s Business Practices Office. The receipt of concerns about UTC accounting, internal controls, auditing matters or business practices will be reported to the Audit Committee. The receipt of other concerns will be reported to the appropriate Committee(s) of the Board. UTC employees can raise questions or concerns confidentially or anonymously using UTC’s Ombuds/Dialog program.

### **Certain Transactions and Business Relationships**

A brother of William L. Bucknall, Jr., Senior Vice President, Human Resources and Organization, is employed by Sikorsky as Manager, Human Resources. A brother of Todd J. Kallman, Vice President, Corporate Strategy and Development, is employed by Otis Elevator as an Account Manager. The compensation and benefits provided to these individuals are consistent with those provided to other employees with equivalent qualifications, experience and responsibilities at these subsidiaries.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

UTC believes, based upon a review of the forms filed and written confirmation provided by its officers and directors, that during 2005 all of its officers and directors filed on a timely basis the reports required by Section 16(a) of the Securities Exchange Act of 1934.

Vice President, Secretary and  
Associate General Counsel

**APPENDIX A**  
**INDEPENDENCE OF DIRECTORS**

No director shall qualify as “independent” unless the Board affirmatively determines on an annual basis that the director has no material relationship with the Corporation. The Board has adopted the following standards to assist it in making determinations of director independence, and may revise these standards from time to time as it deems appropriate, subject to applicable stock exchange listing requirements. A director is not independent if:

1. The director is, or has been within the last three years, an employee of the Corporation, or an immediate family member is, or has been within the last three years, an executive officer, of the Corporation.
2. The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Corporation, other than director and committee fees or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). Compensation received by an immediate family member for service as an employee of the Corporation (other than an executive officer) need not be considered in determining independence under this test.
3. (A) The director or an immediate family member is a current partner of a firm that is the Corporation’s internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm’s audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Corporation’s audit within that time.
4. The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Corporation’s present executive officers at the same time serves or served on that company’s compensation committee.
5. The director is a current employee, or an immediate family member is a current executive officer, of another company that has made payments to, or received payments from the Corporation for property or services in an amount which in any of the last three fiscal years exceeds the greater of \$1 million or 2% of such other company’s consolidated gross revenues.
6. The director serves as an executive officer of a tax exempt organization that within the preceding three years received contributions from the Corporation in any single fiscal year in excess of the greater of \$1 million or 2% of such tax exempt organization’s consolidated gross revenues.

Director affiliations that do not conflict with these standards or exceed these thresholds will not be considered to impair a director’s independence. These standards will be applied in accordance with any transition periods or other transition provisions under the applicable stock exchange listing rules.

For purposes of this determination of director independence, the term “immediate family member” shall include a person’s spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person’s home. The term “executive officer” has the same meaning as specified for the term “officer” in Rule 16a-1(f) under the Securities Exchange Act of 1934.

As required by the Charter of the Audit Committee, Audit Committee members must also satisfy the independence requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934.

**APPENDIX B**  
**AUDIT COMMITTEE CHARTER**

**I. Purpose**

The Audit Committee (“Committee”) is appointed by the Board of Directors (“Board”) to assist the Board in fulfilling its oversight responsibilities relating to: the integrity of the Corporation’s financial statements; the independence, qualifications and performance of the Corporation’s internal and external auditors; the adequacy of processes to assure compliance with the Corporation’s policies and procedures, financial controls, Code of Ethics and applicable laws and regulations; and such other responsibilities as set forth herein. The Committee provides the opportunity for an open and candid dialog on these issues among the independent auditor, management, and the internal auditor.

The Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the “Commission”) to be included in the Corporation’s annual proxy statement.

**II. Composition**

The Committee shall be composed of not less than three directors appointed by the Board. The members of the Committee shall meet the independence and financial literacy requirements of the New York Stock Exchange and Section 10A(m)(3) of the Securities Exchange Act of 1934 (the “Exchange Act”). At least one member of the Committee shall have substantial financial expertise as determined by the Board. Committee members shall not simultaneously serve on the audit committees of more than two other public companies.

**III. Meetings**

The Committee shall meet as frequently as it determines necessary. The Committee normally meets at least four times annually and additional meetings are scheduled as necessary to review quarterly financial results. The Committee shall meet periodically with management, the internal auditors and the independent auditor in separate executive sessions.

**IV. Responsibilities and Duties**

The Committee shall have the sole authority and responsibility annually, in its capacity as a committee of the Board, to nominate the independent auditor for approval by the shareowners. The Committee shall be directly responsible for the compensation and oversight of the work of the independent auditor for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Committee.

Except as otherwise permitted, the Committee shall pre-approve all auditing services and terms, and permitted non-audit services to be performed for the Corporation by its independent auditor. The Committee may form and delegate authority to a subcommittee to grant pre-approvals of audit and permitted non-audit services, and decisions of this subcommittee shall be presented to the full Committee at its next scheduled meeting.

The Committee shall have the authority to retain and compensate independent legal, accounting or other advisors, and shall obtain advice and assistance to the extent it deems necessary or appropriate.

The Committee shall:

**A. Financial Statements and Disclosure Matters**

Analysis of Financial Condition and Results of Operations.” The Committee shall also recommend to the Board whether the audited financial statements should be included in the Corporation’s Report on Form 10-K.

2. Meet to review and discuss with management and the independent auditor the Corporation’s quarterly financial statements prior to the filing of its Report on Form 10-Q, including review of the Corporation’s specific disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” The Committee shall also review the results of the independent auditor’s review of the quarterly financial statements.

  4. Review and discuss on a timely basis with the independent auditors:
    - (a) Critical accounting policies and practices used.
    - (b) Alternative treatments of financial information within generally accepted accounting principles that have been discussed with management.
    - (c) Other material communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.
  5. Discuss generally with management the Corporation’s earnings press releases, including the use of “pro forma” or “adjusted” non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies.
  6. Discuss with management and the independent auditor the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Corporation’s financial statements.
  7. Discuss with management the Corporation’s major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Corporation’s risk assessment and risk management policies.
  8. Discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit.
  9. Review during the Corporation’s CEO and CFO certification process for the Reports on Form 10-K and Form 10-Q any significant deficiencies in the design or operation of internal controls and any material weaknesses in internal controls.
- B. Oversight of the Corporation’s Relationship with the Independent Auditor*
1. Review and evaluate the lead partner of the independent auditor team.
  2. Obtain and review a report from the independent auditor at least annually regarding (a) the independent auditor’s internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Corporation. The Committee shall present the results of its review to the Board.
  3. Ensure the rotation of the lead audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.
  4. Establish policies for the Corporation’s hiring of employees or former employees of the independent auditor who participated in the audit of the Corporation.
  5. Discuss with the independent auditor issues reviewed with the auditor’s national office regarding auditing or accounting issues identified during the engagement.
